## OVER 2500 ATTEND COUNTY SUNDAY SCHOOL PICNIC

Annual Gathering at Arlington An Unqualified Success

LOCAL BAPTISTS WIN BANNER

"Pageant of the Faithful" an Interesting and Instructive Feature of the Day

The second annual picnic and field day of Bennington County Sunday schools was held Friday at Nichols grove in Arlington with an attendance of over 2500, nearly a thousand more than were present last year. The entertaining program, which had been arranged, consisting of games, pageants, and athletic contests, was carried out smoothly in every detail, the only feature omitted being the ball game which had to be cancelled on account of rain.

The special train left the local station promptly at nine o'clock, the Bennington representatives numbering about 450. To this number over 300 more were added at North Bennington, South Shaftsbury and Shaftsbury, making a total of about eight hundred. The members of each Sunday school rode in its own special cars and the train was in no way crowded.

Arriving at Arlington shortly after ten o'clock, a parade was immediately formed by the Sunday school children, led by the Bennington City band. The long procession marched to the picnic grove but a short distance away where lunch boxes were deposited in receptacles provided for that purpose.

Games for the little children and athletic contests for the older boys and girls were soon in progress, the latter taking place in a well-arranged athletic field on the picnic grounds. Several pieces of the playground apparatus were taken to Arlington and the little tots thoroughly enjoyed the use of these throughout the day, combined with other games such as Drop the Handkerchief, In and Out the Window, London Bridge is Falling Down, etc. The picnic committee in charge of the amusements for the smaller children consisted of the Misses Mathilde Vossler, the local playground supervisor; Francesella Evans, Margaret Pilling and Dorothy Field. The playground apparatus was in charge of Guy Harmon, assistant in the local playground activities.

All of the athletic contests took place before lunch and excited universal interest among the picnicers. The contests were interesting and enthusiastic as each Sunday school was anxious to carry off the handsome championship banner which was to be awarded to the Sunday school scoring the most points. The contests were divided into two classes, Junior and Senior, the first and second places in each contest being as follows:

Junior contests:—100 yd. dash, 1st, Carl Chase, Bennington, Baptist; 2nd, Lawrence Burdham, Manchester Congregationalist; obstacle race, 1st, William Graves, Bennington, Episcopalian; 2nd, John Elwell, South Shaftsbury, Methodist; 220 yd. dash, 1st, Carl Chase, Bennington, Baptist; 2nd, J. Elwell, South Shaftsbury, Methodist; broad jump, 1st, Cole, East Arlington, Methodist; 13 ft. 9 inches; 2nd, D. Hawley, West Arlington, Methodist; shot put, 1st, Walton Harwood, Bennington, Episcopalian; 2nd, H. MacLaren, Bennington, Baptist; high jump, 1st, Howard Hicks, Bennington, Congregationalist; 2nd, L. Burnham, Manchester, Congregationalist; potato race, 1st, A. Baker, Bennington, Baptist; 2nd, M. Brown, Bennington, Baptist.

## Only a Few Can Go.

Those who are so fortunate that expense does not have to be considered are now going to health resorts to get rid of the impurities in the system that cause rheumatism, backache, swollen, aching joints and stiff, painful muscles. If you are one of those who cannot go, yet feel that you need relief from such pain and misery, try **Poley Kidney Pills**. They restore the kidneys to healthful activity and make you feel well and strong. Harold W. Cole.

## NOTICE

All Bennington merchants who propose to sell fireworks for use on the coming Fourth of July are notified that a list of the different classes must be filed at once with the village clerk for approval before any sales may be made.

## YALE BOATS LEAD HARVARD IN ALL THREE RACES

Blue Bladed Oars Too Fast For Crimson Sweeps

VARSITY WINS BY FIVE LENGTHS

Crowd of 10,000 Sees New Haven College Win in Junior, Freshman and Main Event

New London, Conn., June 26.—For the first time in many years Yale university crews swept the Thames river in the annual dual regatta with Harvard last night. Eli alumni and undergraduates cheered their three crews and Coach Guy Nickalls until the din was deafening.

Victory was exceedingly sweet to the Eli for the interspersed regatta records have to be searched for many years to find a Yale triple victory, although similar Harvard successes are of more frequent and recent occurrence. To add to the joy of the blue the varsity eight established a new upstream course record in winning the big race, which is likely to stand for years.

But one race, the junior varsity event, was started on schedule time. The four-mile varsity contest was delayed by rough water 1.14 hours and the freshmen race postponed from morning until after the feature event. Even then misfortune followed the crews and a broken oarlock necessitated the first-year crews rowing a race at 1.12 miles in almost total darkness.

Fully 10,000 spectators witnessed the contests from the observation cars which followed each race along the banks of the Thames, while the river shores were populated by throngs ranging from hundreds to thousands at every point of vantage.

Chief interest centered in the outcome of the varsity race when the Yale oarsmen demonstrated that the eight-oared victory of last year's English-oared crew was not a fluke by winning yesterday's contest by almost six lengths. Enthusiasm broke records just as did the oarsmen who engendered it. Harvard took defeat philosophically, but Yale adherents made no attempt to hide their joy and in this they were ably seconded by the townfolk with whom the Eli victory was exceedingly popular.

That the blue had a crew of particular power and finish is shown in the figures of the four-mile race where the Yale oarsmen set their own pace and in so doing established a new upstream record of 20 minutes, 52 seconds, beating the time made by the Yale eight of 1907 by 18 seconds.

The freshmen race rowed in semi-darkness over a mile and a half course was won by the Yale first-year crew by approximately one length, the times being: Yale 8 minutes 6 seconds; Harvard, 8 minutes 10 seconds.

The southwest wind and choppy water delayed the start of the varsity race more than one hour, and the lower half of the course was still choppy when the shells darted away from the railroad bridge. The tide was still running upstream and the sky was overcast, but the Harvard oarsmen retained their canvas hats when they set out on what was to prove a stern chase in the wake of the winners. With the possible exception of the first half-mile Harvard never appeared to have a chance, although little or no fault could be found with the watermanship of the Cambridge crew.

Both eights fought gamely throughout the long four-mile race, rowing according to their lights without a sign of faltering or break. Once over the finish line, there came the temporary reaction and exhaustion common to college crews races, yet it was but momentary and soon the oarsmen were heading back for their quarters, another year of regatta training at their backs.

Bishop Hall will preach the sermon following the confirmation services. Evening prayer at 5 o'clock.

## ITALY BELIEVES BULGARIA WILL BE AN ALLY

Reported to Be Ready to Fight Germany and Austria

POWERS PROMISE CONCESSIONS

Rome Enthusiastic Over Prospect of Half a Million More Troops.

Rome, June 25.—The Tribuna this afternoon publishes a lengthy article from a correspondent in the Bulgarian capital who claims authentic information that Bulgaria will join the war on the side of the allies and her entrance is but a matter of days, possibly of hours.

It has been reported that satisfactory negotiations have been completed with the powers, taking care of Bulgaria in case of victory by the allies, sufficient to make immediate participation not alone advisable but extremely attractive.

Bulgaria can put a well equipped fighting force into the field numbering 500,000 men, which can be strained to 900,000 in case of urgent need. The troops are mobilizing with the expectation that fighting may occur at any time. The participation by Bulgaria on the allied side is taken with enthusiastic demonstrations here as it will practically complete the southern portion of the iron ring about Germany and Austria.

**W. S. CARPENTER APPOINTED**  
Confidential Secretary to New York Conservation Commissioner.

George D. Pratt, the New York conservation commissioner, has announced the appointment of Warwick S. Carpenter of this village and Woodford to the position of confidential secretary with a salary of \$4,000 a year.

Mr. Carpenter is a native of Hoosick and a graduate of Troy academy. In recent years he has made his home in this village and at Woodford where he has spent the most of his time except during the periods when in the field making photographs for the different publications to which he has contributed. He has written many articles for "Outing," "Field and Stream" and other magazines which make a specialty of outdoor pastimes and sports. He has also written a number of books on hunting, camping and fishing.

In announcing the appointment Commissioner Pratt stated that it was purely personal and that politics played no part in it, the commissioner's object being to obtain the services of a man who could properly make public the aims and objects of the department.

Commissioner Pratt is confident that there are various matters which are handled by the conservation department which should be presented to the people, the subject of conservation being one of the most important, he says, before the people of the country today. The workings of the fish hatcheries, the method of reforestation, water power and other problems are matters in which the people are taking a great interest, and as they come under his supervision he holds that the public is entitled to know what is being done in the department. To educate the people along this line is his purpose, and by a systematic plan which will get the material to the newspapers he believes that much can be done.

Mr. Carpenter will make a tour of the forest preserves and will spend a in the Adirondacks, and will spend a fortnight visiting the hatcheries and nurseries in Washington, Saratoga, and Warren counties, also those in the vicinity of Indian Lake. It is his intention to take a number of photographs which will be at the disposal of those who wish to use them for cuts or illustrations.

Ever since locating in Bennington Mr. Carpenter has taken an active interest in promoting the protection of fish and game and he found here a spirit of co-operation and a congenial atmosphere. He has three times been elected president of the Bennington County Forest, Fish and Game association and has devoted much time and energy to furthering the purposes of that organization. Under his leadership the association has developed and broadened until it is the foremost of its kind in the state. Mr. Carpenter's friends will regret that his duties will take him from Bennington the larger portion of his time but they are genuinely pleased to learn that his ability has been recognized in a larger field.

## PRESIDENT SAYS HE WILL KEEP OUT OF WAR

Greeted By Large Crowds On His Way To Cornish

ORDERED TO TAKE A VACATION

Chief Executive at Summer Home to Fit Himself for Trying Times Ahead

Cornish, N. H., June 25.—President Wilson, accompanied by his daughter, Margaret, and Dr. Cary T. Grayson, the White House physician, arrived at his summer home here soon after 1 o'clock this afternoon. He was met at the railroad station at Windsor, Vt., by his cousin, Miss Helen Woodrow Bones, and motored to Cornish.

As the President's car stopped at Springfield, Mass., this morning, he shook hands with a group of railway workers, one of whom said to him: "Keep us out of war, Mr. President."

"I will if I can," was the President's reply. Under orders from his physician to take a complete rest, the President settled down at the "Summer White House" for a brief vacation to prepare himself for the arduous work he is expecting within the next few months in connection with the European and Mexican situations.

He brought few official documents with him, and officials at the White House had orders to lay before him only the most pressing business. Secretary Lansing will do most of the actual work on the note to Great Britain now being prepared; but the President has already gone over with him the broad questions of policy involved and will see the note before it is officially forwarded to London. He read with deep interest today unofficial forecasts from Berlin of the possibility of Germany's submarine warfare being somewhat modified, but refused to make any comment.

## U. V. M. SUMMER SCHOOL

Tuition Will Be Free to Any Teacher in State of Vermont.

The summer school of the University of Vermont will open Monday July 5th and will continue until August 13th. This session will be primarily a school for teachers, and the fact of great importance in educational circles in this state is that the tuition will be free to Vermont teachers and persons preparing to teach in Vermont. For particulars address J. F. Messenger, Burlington, Vt.

## LOCAL OVERFLOW

The work on Hart's new theatre on Main street has been suspended for a few days while waiting for the steel girders to come.

Mrs. W. S. Holland of Somerville, Mass., and her three children are visiting at the Baptist parsonage. Mrs. Holland is a sister of Mrs. W. E. Meyer.

The First Baptist church invites the public to its services of worship tomorrow. The pastor, Rev. W. F. Meyer will preach at 10:30 a. m. on "Some Important Questions Marked?" And in the evening the service will center around the singing of three familiar hymns. The pastor will base his sermon on these hymns and a chorus of young people will assist in the singing. The Bible school will meet at the noon hour and at 6:30 there will be a C. E. meeting for prayer. A cordial invitation is extended to all to meet with this church.

## NORTH BENNINGTON

A special sale of men's \$2.50 and \$4.00 W. S. Douglas's oxfords, tans, gun metal and patents at \$2.50. Mattison & Powers, North Bennington, Vt. Adv. 1212.

The public is cordially invited to worship with the Congregational church on Sunday, the hours of worship being 11 and 7:30. At the morning service the pastor speaks on "The Parable of the Pounds." In the evening on "The Patriotic Service of Henry Ward Beecher." Bible school meets at 11 o'clock. Let all be present. The midweek meeting is held on Thursday evening at 7:30 o'clock, the subject being "The Christian's Duty to the Nation." The ladies' missionary meeting will be held with Mrs. B. T. Henry on Wednesday afternoon at 3 o'clock. Let all ladies be present.

## RUSSIANS DRIVE GERMANS BACK UPON DNEISTER

Attempt To Cut Off Retreat of Slavs Has Failed

RUSSIAN ARTILLERY IS EFFECTIVE

Germans Jammed on River Bank and Islands Have Sustained Heavy Losses

Petrograd, June 25.—The first movement of the Germans after occupying Lemberg was to attempt to advance southeastward along the Lemberg-Beregnia Railway, with the object of cutting off the Russian forces operating on the Dniester. This advance so far has been checked and on the Dniester itself the Russians are displaying great energy.

A large force of Germans which on Wednesday crossed the river near Zuraiano has been jammed on to the bank and on to the islands. They have suffered enormous losses. Further east, near Halez, a very mixed force of Austrians has been thrown back to the river. In these engagements Russian light and heavy artillery gave effective support.

The operations on the Dniester are at present the only clear feature of the general military situation. The struggle for possession of this important river means in any case delay and distraction for the Germans, and with the Russian Army in full fighting order and daily improving its technical resources and with an immense front for manoeuvring and counter-maneuvring the possibilities for conquest are practically unlimited.

For the moment of almost equal importance with the efforts of the army is a remarkable revival of activity in Russia itself. From all parts of the empire municipal and zemstvo workers, manufacturers, financiers and engineers are thronging to the cities with offers of help in the matter of army supplies.
